PRINTABLE
MEDICINE RECORD

Medicine record

One shared record for everyone caring for your child

Before giving medicine, check the bottle and doses already given. Read the label and leaflet, and follow instructions prescribed for your child.

Write each dose down straight after giving it. Count all doses in the previous 24 hours, including overnight and doses given by another adult. Midnight does not reset the allowance.

Child's initials _____ Use one row for each dose already given

Date / time	Medicine name	Exact strength as on the label	Dose in mL	Given by
Date Time				
Date Time

If you are unsure whether a dose was given, check with the other carer and get advice before giving more.

Keep completed sheets together and print another copy for the next entries
